

Restricted Use Pesticides (RUP) in Malawi		
	Common Name	Use
1	Methyl Bromide	Fumigant
2	Aluminium Phosphide	Fumigant
3	Magnesium Phosphide	Fumigant

Note: Restricted use pesticides or "RUPs" are pesticides not available to the general public in Malawi. The "Restricted Use" classification restricts a product, or its uses, to use by a certificated pesticide applicator or under the direct supervision of a certified applicator
